

What Your Gift Provides

\$250

Provides adaptive items (neck brace, wrist splint, adaptive eating utensils, etc.) to a person living with ALS to make everyday tasks easier

\$500

Provides two days of respite care to prevent caregiver burnout and promote the well-being for both the caregiver and their loved one

\$1,000

Provides round trip transportation for three patients to our multidisciplinary Lois Insolia ALS Clinic, where they see all the experts needed to treat this disease in one day, at one location

\$2,500

Helps offset the costs associated with a communication device, giving people living with ALS a way for their voices to be heard

\$5,000

Covers the cost of home modifications to accommodate a power wheelchair to give a person living with ALS independence and confidence in their own home

\$10,000

Funds innovative scientific research to provide hope for a future without ALS
