January 2017

Dear Friends of the Les Turner ALS Foundation:

We, the family of Les Turner, wish to THANK YOU for all your volunteer efforts and support of the Les Turner ALS Foundation, especially in its early years. Because of you, the Foundation is celebrating its 40<sup>th</sup> anniversary year in 2017. So hard to believe!

Since starting the Foundation in 1977, we have been able to help thousands of ALS patients and families throughout their journey, giving them much needed clinical care and support, equipment and grants and letting them know that they are NOT ALONE, as we were when Les had the disease. You should take pride in knowing you were instrumental in helping us build a strong and viable Foundation that has enabled us to experience exceptional growth over many years.

We look back with incredible memories of people like you who answered the call with such dedication and determination. Many positive things have happened in the world of ALS and we are very excited about the Foundation's future. Together we look forward to a world WITHOUT ALS.

Again, please accept our deepest gratitude for the important part you played in helping us reach this milestone year. We couldn't have done it without you!

Most sincerely,

*Ina Turner Jones*
